

ANOTHER MOVE PLANNED TO BREAK TREATY DEADLOCK

Bi-Partisan Committee Unable to Reach an Agreement

DISAGREE ON VOTING POWER

WASHINGTON, Jan. 20.—Disagreements in the bi-partisan conference looking to compromise peace treaty reservations today brought the senate leaders' committee to the verge of a break and caused a movement among peace rank and file toward a different solution of the treaty deadlock.

Open rupture today of the leaders' conference was averted, temporarily at least, by passing over the dispute on the Lodge reservation regarding equality of voting in the league of nations.

The bi-partisan conference will meet again late tomorrow, but with leaders of both factions doubtful as to the possibility of definite agreements. Prospects of failure of the leaders' conference and of formal suspension of their sessions today moved "mild reservation" Republicans and a few Democrats not members of the leaders' committee to discuss independent steps toward a solution of the treaty situation. One mild reservation Republican spokesman said such a move would be forthcoming if conference of the leaders fail within a few days to give more assurance of a compromise.

Two plans for future action were considered today should the leaders conference fail. Several mild reservation Republicans were said to favor a combination with the Democrats to bring the treaty again to the floor for the senate to open consideration of compromise reservations. For effectiveness of this plan reliance would be placed upon public pressure which it is believed would develop in favor of a compromise.

Another plan championed by a Democratic advocate of compromise contemplates a republican petition to bring Republicans and Democrats into a joint caucus.

The mild reservation Republicans, however, were reported opposed to the bi-partisan caucus plan and also to the pending motion of Senator Underwood, Democrat, Alabama, for appointment for formal of conciliation committees.

Participants in today's conferences of the informal committees, of which there were two said suspension of the compromise movement was virtually reached at the first session as a result of inability to get together on the equal voting reservation to the league of nations covenant.

Better progress, however, was reported at the second session. The preamble to the Lodge reservations, requiring formal acceptance by three of the five principal powers of American reservations, was taken up and, it was said, a tentative agreement was reached. The proposed compromise on the preamble was said to provide that if the principal signatories do not file, formally, objections to the reservations before their deposit for exchange of ratification the American reservations shall be deemed to have been accepted.

Change in the Lodge reservation to provide for different situations arising when the United States is and is not a party to disputes before the league was urged by the Democrats, who it was stated, agreed to accept the reservation in case where the United States is a party to the dispute. In such cases the United States would assume no obligation where a nation was colonies or where a nation was more than one vote. In cases where the United States is not a party to the dispute the Democrats proposed that the United States should be content to file objections.

EARLY ACTION ON NAVAL BILL

Washington, Jan. 20.—Republican house leaders today agreed on early action on a naval pay increase bill providing increases from thirty to fifty per cent for enlisted men. No increases would be given to officers under the house measure. To attract enlisted men who have quit the navy within the last year, leaders agreed to a bonus of four months pay for those re-enlisting within six months after enactment of the pay bill.

WOMEN CANNOT VOTE FOR COMMITTEEMEN

Springfield, Ill., January 20.—Women are not eligible to vote for precinct committeemen at the April election. Attorney General Edward J. Brundage held in an opinion rendered today. The suffrage act of 1915 did not include the office of precinct committeeman as one for which women could vote, the attorney general said. The opinion was rendered following numerous inquiries.

CUMMINGS ASSAILS REPUBLICAN PARTY

Declares if Democrats Had Been in Control U. S. Would Have Been First to Ratify Treaty.

NEWARK, N. J., Jan. 20.—America would have been the first nation to ratify the treaty of peace had a Democratic house and senate been elected in 1918, Homer S. Cummings, chairman of the Democratic national committee declared in an address tonight at Governor Edwards' inaugural dinner. Not only has Republican leadership throttled the treaty of peace, he said, but after months of debate it cannot point to a single constructive measure that it has enacted into law.

The Republican party is bankrupt of leadership, Mr. Cummings declared and cannot agree on a policy satisfactory even to itself. "This Republican congress," Mr. Cummings said, "has contented itself with conducting a campaign of baseless criticism and slander against the president of the United States in the reputation of our international obligations and the abandonment of the allies in whose company only a few months ago we were fighting to save the civilization of the world."

He declared this interlude incapacity was "one of the staggering penalties which the country was forced to pay for electing a Republican congress in 1918." Gov. Edwards was acclaimed as the "personal liberty" candidate for president in an eulogy of his career, pronounced by A. Harry Moore, city commissioner of Jersey City and a new presidential boom was greeted with enthusiastic applause by the several hundred Jersey Democrats who were present. It was announced that the governor's friends have already entered his name in the Nebraska primaries and that similar moves have been inaugurated in Virginia and Pennsylvania.

CONVICT TESTIFIES FOR CAPT. DETZER

NEW YORK, Jan. 20.—A convict from the military penitentiary at Fort Leavenworth, Kan., testified for the defense today at the court martial of Captain Karl W. Detzer, for alleged brutality to army prisoners at Le Mans, France.

He was private Clay R. Sawyer, serving five years for larceny and attempted manslaughter. He testified that he saw Frank Hoyt, of Detzer's command give 500 francs to Private Clarence H. Lacey, who previously testified for the prosecution to "keep his mouth shut" and "place the blame" of brutality on a conviction on Captain Detzer and Sergeant U. S. Madden.

Sergeant Joseph Nemensky now in the regular army testified that he had previously lied when he told the inspector general at Le Mans that he never had seen Detzer's second in command, Lieutenant Mahan, use violence on military prisoners. He said he hadn't wanted to bring Mahan into the case, but today asserted that he had seen him use force in getting information.

NO ACTION TAKEN ON KENYON BILL

Washington, Jan. 20.—Consideration of the Kenyon Americanization bill continued in the senate today but final action was deferred until an agreement could be reached on the appropriation which the bill would carry. As now drafted, the bill would appropriate \$42,500,000 for the education of aliens and illiterates until the end of the fiscal year 1923, but this amount is considered excessive by Senator Kenyon and others.

Speaking in opposition to the bill, Senator King, Democrat, Utah, took up virtually the entire day. He questioned congress' authority to enact such a bill declaring it was an interference with the powers of states.

Many states, Senator King said already have made large appropriation for Americanization purposes and are providing for the education of aliens in the senate bill. Within ten years the senate bill asserted there would be no illiterates in any of the states.

BERLIN NEGOTIATES LOAN WITH HOLLAND

Berlin, Monday, Jan. 13.—Negotiations with Holland for a loan to Germany of 200,000,000 guilders (normally \$80,000,000) will shortly be concluded, according to the Zeitung Am Mitag. Of this amount 140,000,000 guilders will cover purchases of raw products and the remainder will be used to buy foodstuffs. The credit is established for ten years.

SELL FORMER GERMAN SHIPS

Washington, Jan. 20.—Sale of six former German cargo vessels approximating 50,000 dead weight tons, at a price to be fixed after an appraisal by a committee of shipping board officials and independent shipping men, was agreed on today by the board.

FIGHTERS MATCHED

New York, Jan. 20.—Benny Leonard, world's lightweight boxing champion and Johnny Dundee, of New York, will meet in an eight round bout in Jersey City, February 9, it was announced tonight. The pair were to have met at New Haven in a 20 round bout to decision on January 16, but the authorities interfered, classing the contest as a "prize fight." No decisions are permitted in New Jersey.

NITTI FIRM ON HIS ULTIMATUM TO JUGO-SLAVS

Supreme Council Disbands With Adriatic Question Unsettled

SITUATION A TENSE ONE

PARIS, Jan. 20.—With the disbanding tonight of the supreme council with out a settlement of the Adriatic question Premier Nitti of Italy declared he stood by his ultimatum that if the Jugoslavs did not accept Italy's terms tonight he would withdraw his compromise offer and Italy will demand that France and Great Britain execute purely and simply the treaty of London of April, 1915.

Prior to the breaking up of the council, the Jugoslav reply to Italy's demand had been presented. Signor Nitti declared the terms unacceptable. The Jugoslav note said it constituted the supreme effort of Jugoslavia to bring about an agreement with Italy. This fact, taken in connection with Premier Nitti's statement apparently leaves the situation a tense one.

The Jugoslavs tonight submitted to the supreme council their supreme effort in the way of concessions to effect an agreement with Italy.

The Jugoslavs accept internationalization under the league of nations for Fiume and Zara concede to Italy the Islands of Lussin and Pelagoza and agree to the demilitarization of the Adriatic Islands with the condition that the Island of Lisa remain Jugoslav.

The right of the Italians in Dalmatia to choose Italian nationality without leaving Jugoslavia is recognized by the Jugoslavs, who also agree that Italian national rights in Dalmatian industries shall be guaranteed by an international convention. They refuse to make any declaration of the line drawn by President Wilson.

The note says the desire of the Albanians for independence will be respected but if necessary the Jugoslavs will accept all the proposals.

Signor Nitti, the Italian premier left this evening for Rome and David Lloyd George, the British prime minister will depart for England tomorrow morning.

M. Clemenceau indicated this evening that he would turn over the affairs to the council tomorrow.

The council this afternoon held a further discussion on Great Britain's announcement of her inability to send her quota of troops into plebiscite areas. The discussion resulted in the British offering to send naval detachments to Menel and Danzig.

During the session, Hugh C. Wallace, American ambassador, Premier Lloyd George, Premier Nitti, and Baron Matsui, the Japanese ambassador, extolled M. Clemenceau in brief formal farewell addresses.

No definite arrangements were made by the council before disbanding for turning over the Turkish, Adriatic and other problems to other hands, but it was indicated that the proposed conference of ambassadors would be empowered soon to continue this work.

No statement outlining the proposal made by a settlement of the Adriatic controversy has been made public. The proposal, said Belgrade, Jan. 4, is said to have had the approval of France and Great Britain. Signor Nitti said that a copy had been communicated to the Washington government and that he hoped it would receive endorsement there.

In an interview with The Associated Press the following day Signor Nitti said Italy had offered to leave the port of Fiume and the railways at Susak under the control of the league of nations.

"The city itself," the premier added referring to Fiume, "is absolutely Italian in its nature." The premier then was optimistic that a settlement of the controversy was near and declared that he did not fear interference from the United States.

"Italy is willing to abide by the decision of the supreme council," he said. "The Adriatic question cannot remain in suspense. It is imperative that it be settled immediately. We hope that a conciliatory attitude as Italy and the matter will be promptly arranged to the satisfaction of all."

Asked as to who would expel Gabriele D'Annunzio from Fiume once an agreement was reached with the Jugoslavs the premier said: "That will be the easiest phase of the problem to settle."

FLOUR DROPS

Minneapolis, Jan. 20.—Flour dropped 50 cents a barrel in the local market today. Standard flour in 98 pound cotton sacks sold at \$14.25 a barrel. The general market decline in wheat was given as the reason for the drop.

Newberry, charged with conspiracy in the election.

NEW YORK, January 20.—A pledge by the Republican nominee for president that he will urge congress to pass law curbing revolutionary movements against the government and consolidation of all federal secret service agents in one department under a single head are recommended by the sub-committee on Bolshevism and Socialism of the national Republican club in a report made public tonight. A plank in the Republican national platform providing these measures was urged.

POLAND WILL DEFEND HER INDEPENDENCE

Against the Bolshevik Forces of Russia According to Latest Report Received at Washington.

WASHINGTON, Jan. 20.—Official reports received in Washington today said there was every probability that the new republic of Poland soon would be defending her independence against the forces of Bolshevik Russia. Concentration of units of the red army, forced enlistments from the peasants and activity in the state-owned munition works, point to this new development it was said and military observers here were said to be frankly apprehensive of Poland's chances of withstanding the onslaught.

Climatic conditions will govern the inauguration of the new Bolshevik offensive it was said and geographical features of the Polish frontier make it more than likely the advance will be from the north.

Military establishment of Poland is known to comprise 22 divisions, about 240,000 men, but the equipment is so varied in design and quality as to make it almost impossible for the republic to organize a tactical army.

Under Trotsky's command are about 250,000 men of the red army, backed by the Pretorian guard and augmented still further by "the militia of Russia" the Mujik masses, who it was said, are given the alternative of military service or starvation. Issue of rations being withheld from recruits who attempt to escape service. The present red army is comprised almost entirely of these "coerced peasants" and hired mercenaries, military observers in Russia report.

EXCESS PROFITS TAX BLAMED FOR H. C. L.

NEW YORK, Jan. 20.—"Describing the excess profits tax as "one of the foundation stones" of the present intolerable price structure, William P. Colver of the federal trade commission in a paper read tonight before the purchasing agents association of New York declared that "if you knock the whole thing out, the price structure would come down two or three stories at least."

For every dollar that gets into the public treasury through the excess profits tax, Commissioner Colver estimated that between \$4 and \$5 was taken from the ultimate consumer in excess prices.

CHICAGO REPORTS 2,514 NEW CASES OF INFLUENZA

Passes High Mark of Any One Day of Last Year's Epidemic

EVERY HOSPITAL IN CITY CROWDED

CHICAGO, Jan. 20.—The number of new influenza cases in Chicago today passed the high point of any one day of last year's epidemic. A total of 2,514 cases were reported to the board of health today, with 26 deaths. New pneumonia cases numbered 297, with 57 fatalities. The greatest number of influenza cases for a single day last year was 2,400. Health Commissioner John Dill Robertson announced tonight that in his opinion the peak of the epidemic had passed and that a decrease in the number of cases could be expected.

Every hospital in the city is crowded and 650 cases of influenza are being cared for at the county hospital.

Springfield Officials Report. Springfield, Ill., Jan. 20.—The recurrence of the epidemic of influenza has so far been confined to the northern part of the state, according to reports which have been received by the state department of public health. Although some cases have been reported from downstate communities the disease is not epidemic health officials said today.

There are approximately 1,000 cases under treatment at Rockford, according to Dr. C. St. Clair Drake, director of the department of public health. Conditions at Chicago, Camp Grant and Great Lakes are unchanged, Dr. Drake said.

Dr. Thomas G. Hull an expert bacteriologist has been sent to Rockford to conduct a field and laboratory investigation of the causes of the outbreak of the disease.

Ireland Reviews Situation

Washington, Jan. 20.—Influenza has become epidemic in several army camps, particularly in the middle west. Surgeon General Ireland of the army announced today and has made its appearance among the American troops in Germany. While the disease is increasing among the civilian population of the United States it has not reached epidemic form and General Blue of the public health service said today there was nothing in the situation to cause alarm.

The malady as it has appeared both among soldiers and civilians is of mild type and the resulting death rate proportionately has been far below that of the war time epidemic while the incidence of pneumonia also has been much lower.

Epidemics have been reported from Camps Grant at Rockford, Ill., and Fort Sheridan, Love Field, Texas, and the Great Lakes Naval Training Station, but the number of men in those camps is much smaller than it was during the war when influenza caused thousands of deaths among the service men.

During the week ending January 16, 166 new cases were reported, the soldiers on the Rhine, representing an increase of 25 over the week before. Twelve deaths from the disease were reported, while there also were six deaths from pneumonia.

PREDICT SLASH IN CLOTHING PRICES

Washington, Jan. 20.—Material reductions in clothing prices may be expected from nationwide adoption of the clothing trade suggestions put forward by a committee of the National Retail Dry Goods Association. It was stated today by Howard E. Figg, special assistant attorney general after he had conferred with the representatives of the dry goods retailers.

The suggestions of the retailers, which are understood to apply to the retail, wholesale and manufacturing factories will be made public tomorrow. One of the retailers proposals was said to be that the entire cost due to any future advance in wages, the retailers taking the position that increases incident to wages can no longer be passed on to the public.

NO FEBRUARY PRIMARIES

ADMIRAL MAYO TAKES ISSUE WITH SIMS

Officers Differ on Two Leading Points in Naval Decorations Dispute.

Washington, Jan. 20.—Direct issue with Rear-Admiral William S. Sims on the two leading controverted points in the naval decorations dispute was taken today by Rear-Admiral Henry T. Mayo, wartime commander of the United States fleet in testimony before the senate subcommittee investigating the medal award controversy. Reading his letter to Secretary Daniels giving his views on the decoration awards, which he said were not presented as a protest Admiral Mayo, first disagreed with Admiral Sims as to the relative importance of sea and shore duty. Admiral Mayo explained to the committee that he wrote to Secretary Daniels because he did not believe the "Knight" board of awards or Mr. Daniels had given sufficient consideration to the importance of the duties performed by officers who served at sea with the Atlantic Fleet. Admiral Sims in his testimony and also in his letter to Secretary Daniels declining the distinguished service medal contended that too much importance was attached to the service of officers who served at sea as compared with those who administered important posts on shore. The second point on which Admiral Mayo differed with Admiral Sims was the question of the award of medals to the commanding officers of ships sunk or seriously damaged by torpedo attack or mines.

Admiral Mayo declared that only in cases where the commanding officers' conduct was of an especially meritorious character should reward be given. Admiral Mayo approved without qualification the action of the Knight board and Secretary Daniels in awarding distinguished service medals to Captain Christy of the Cruiser San Diego, sunk by a mine and Commander P. W. Foote of the Transport President Lincoln, sunk by a torpedo. Admiral Sims severely criticised the action of Secretary Daniels in insisting on the awards to the commanding officers of ships sunk by the enemy.

Admiral Mayo's testimony was brief and tomorrow the subcommittee will hear Major General Barnett, commandant of the marine corps.

The naval award controversy reached the senate today thru presentation of a resolution by Chairman Hale of the subcommittee to authorize employment of counsel and a clerical force to aid in investigation. Although final action was prevented by absence of a quorum.

Assistant Secretary of the Navy Roosevelt during the day announced the personnel of a board of inquiry to investigate conditions at the Newport, R. I., naval station which led to charges by John R. Rathorn, of the Providence Journal of immorality in the navy.

D'OLIER REPLIES TO KERN'S LETTER

Indianapolis, Ind., Jan. 20.—Answering a letter from Jack Kerns, manager for Jack Dempsey, world's heavyweight boxing champion, requesting that the American Legion take steps to prevent criticism of Dempsey's war record, Franklin D'Olier, national commander of the legion today wrote Mr. Kerns that it was not considered a function of the American Legion to pass on military service during the war.

"It is not a function of the American Legion," the letter said, "to review acts of the government during the war in connection with the classification of men subject to the selective service act or to review the claims of any individual who finds it necessary to justify his exemption from military service."

PLOT FOR WHOLESALE MURDERS NIPPED

New York, Jan. 20.—A plot for wholesale assassinations by the distribution of bombs next May Day or Fourth of July is believed by police to have been frustrated by the arrest in two raids yesterday of 18 extremists, said to be members of the Union of Russian Workers. Public officials, prominent citizens, agents of the department of justice and police were to be included in the "honorable list" of proposed victims it is asserted. The police think the bombs were to have been sent by express or hurried by fanatics.

The Union of Russian Workers still exists despite the deportation of Peter Blanki, its head here for years and continues its conferences, it was stated, but since federal and police raids began each meeting has been held at a different apartment or private home.

PLAN ERECTION OF VICTORY CHIMES

CASE OF FIVE NEW YORK SOCIALISTS OPENS AT ALBANY

Hilquit Declares Suspension Will Loosen Revolution

EXCLUDE BAR COMMITTEE

ALBANY, N. Y., Jan. 20.—Morris Hilquit, chief counsel for the five suspended Socialist assemblymen declared today at the opening of their trial, that if the assembly permanently ousted the defendants the act "will loosen the violent revolution which we Socialists have always endeavored and are endeavoring to stem."

Mr. Hilquit added "this one word of solemn warning," after asserting that the Romanoffs and all instruments of oppression in Russia had been destroyed after the government had tried to outlaw the Socialist movement, and that "we are not afraid of suppression at the time one half the world is under Socialist control."

This warning," was later interpreted by Martin W. Little, associate counsel for the committee as a "warning to the country, a threat to the committee and an admonishment to the assembly that they do not dare deal with the gentlemen he represents until they wish to invite revolution to this country."

Mr. Hilquit denied that his remarks were intended as a "threat," and said instead he had "made a sort of love offer," that "we Socialists are ready to see the thing thru in a constitutional manner and by peaceful methods."

The judiciary committee opened trial by excluding the New York Bar Association committee headed by Charles E. Hughes from independent participation in the proceedings after which the committee withdrew. The delegates made it plain that they did not represent the Socialists but the public interest.

Then Louis M. Martin, chairman of the judiciary committee read a statement assuring the defendants that they will "receive fair play," and "the case is not prejudiced, and that the committee desired to express its understanding of matters that are to be brought up for consideration." These included claims that the defendants were members of a party or society whose doctrines demanded the complete destruction of our form of government by the fomentation of social unrest and the bringing into play of force and violence, and that they "are engaged with others in a large well organized conspiracy to weaken the family tie, destroy the influence of the church and overturn the whole fabric of a constitutional form of government."

Mr. Hilquit challenged the assertion that the case was not prejudiced and made three motions, two of which were denied. The committee reserved decision on the third which provided for dismissal of the proceedings as illegal and unwarranted.

The motions overruled by the committee challenged the fitness of the whole fabric of a constitutional form of government. The judges on the ground that they played also the roles of accusers and the vast majority was "committed in advance to one side."

URGE WOMEN TO SIMPLIFY DRESS

New York, Jan. 20.—Women were urged to lower the cost of clothes by abandoning the world-old tradition that they must dress "to capture the fleeting fancy of the male" or to out do others of their sex, in an address today by Helen Louise Johnson, editor of the General Federation magazine before the Columbia university institute of arts and sciences. Lower prices could be brought about, she added, by the adoption of a standardized costume.

Simplified dress would be more than an economy, Miss Johnson added, it would be "the essence of moral progress."

While Clemenceau has met his first real rebuff in France, his situation is not to be compared with that of President Wilson. The French statesman is not nearly so much of an idealist as the president of the U. S. and takes conditions much more as they really exist.

Even signs must be taken away from saloon buildings, according to the decision of the officers in charge of prohibition law enforcement in New York. Even the wets will be in favor of this plan, for with the old time signs and screens gone they will not be

constantly mocked with reminders of the past, which to them means "the good old days."

Thru a typographical error in a mention yesterday of the state taxes assessed on a certain farm last year, the figures were given as \$48.10. They should have been \$68.10. The fact is that this year the state tax on this tract is \$12.60 lower than it was in 1919, altho the assessment this year is on one-half the valuation and the assessment last year was on one-third of the valuation.

IT'S A GOOD SIGN.

The Pointexter for president club is sending out a weekly news letter in advocacy of their candidate. The last sheet had one article attempting to show in an unfavorable way that certain monied interests in the east were espousing the Lowden candidacy for selfish purposes. The fact that Gov. Lowden's candidacy is being assailed by the publicity department of the eastern senator's organization gives the proof that the Illinois governor is a candidate to be feared.

In one western county they have taken hold of the co-operative store idea for solution of the living costs question in a very effective way. Notwithstanding the disagreements between organized labor and the farmers in some localities, in the county referred to railroad organizations have combined with the farm bureau and a co-operative company has already been organized

with a capital of \$100,000. If the men behind this movement can retain confidence in each other and the right management is secured there will be real progress.

WILL MAKE AN END OF DOUBT.

The supreme court has granted permission for the filing of the Rhode Island case which will decide the constitutionality of both the prohibition amendment and the enforcement act. It will be pleasing indeed to the general public to know that the final court finding can be expected in the course of a very few months. Even the most ardent of the wet advocates realize that the best thing that can happen to the country is a decision which no one can deny. If it is found that the amendment was adopted and that the enforcement act is legal, then the only course left is for citizens no matter what their views on this question, to settle down to business and make the best of the situation.

JUST A MATTER OF MEMORY.

Someone has said that if references to alcohol and its bad effects are only deleted from the school books, that a generation from now the children will have no knowledge of booze, or the long fight by reform and economic forces to abolish it.

This reminds one that in the cornerstone of a certain building in Jacksonville, erected 15 or 20 years ago for saloon purposes, a pint of whiskey was stored away along with various documents. Some people have been figuring that if the building should be torn down fifty years hence there would be nobody around able to identify the contents of that mysterious bottle. Still others have been figuring on the value of that pint a year or two hence.

and have been wondering whether it wouldn't be a good investment to buy the building and wreck it.

A BUSINESS CHANCE.

One important phase of the good roads movement is the necessity of securing contractors for the work. The fact is that the amount of work in prospect in Illinois in the construction of roads is far greater than the available number of contractors. There is no question but that in those communities where a contracting firm can be found that there is a prospect for earlier work. The worth while suggestion has therefore been made that a construction company might be well organized in Jacksonville.

If men who understand the business are in charge of such a concern there are reasons for expecting satisfactory profits and in addition the existence of the company would make it reasonably certain that a program of road construction will be put on in this county earlier than would otherwise be true.

At any rate, it is a matter worth the attention of business men who are looking for investment and others who are thinking solely of the early development of the road building program.

WRITE TO SO. DAKOTA FRIENDS FOR LOWDEN

Thousands of Illinois people have friends, relatives and acquaintances, many of them former residents of this state, now living in South Dakota. That state will be the first to hold a presidential preferential primary on March 23. Gov. Frank O. Lowden's friends are making an aggressive campaign in his behalf in South Dakota and have every reason to believe, that with the help of his legion of friends, will carry the state for him on primary day. They want every ounce of help which Illinoisans can give, however.

If you are a friend of Gov. Lowden's and want to see him the next president, take the time to drop a line to every friend you have living in South Dakota, both men and women, for both vote in the primary in that state, and urge them to do all within their power for Gov. Lowden's candidacy between now and primary day and to be sure and vote on March 23. The result of the primary election in South Dakota will have a most important bearing on the Republican presidential contest.

A Good World.
Every day Misfortune's hand-
ling cans of soup and chunks of
ice; all our troubles notwithstanding,
this old world is worth
the price. Every one is cutting
capers in a most obnoxious style;
when I read the daily papers I
can scarcely bring a smile. For
they're full of tales of slaying,
and of dying men's laments;
bandits through the streets are
straying, shooting up and robbing
gents. Industry is shot to pieces,
anarchy is largely billed, bonds
are stolen from valises, and bank
messengers are killed. Grief
around us boils and thickens, till
it borders on despair; things are
going to the dickens, if they're
not already there. Then I raise
a sigh and leave it, and this world
I roundly curse—but I'd hate like
heck to leave it, for the other
might be worse. We, the people,
have the willies, but the world is
not to blame; it's a place of light
and lilles and enjoys a well-
earned fame. It would be the
best old planet in the solar right
of way, if the delegates who man
it would cool down for half a
day. When hot air we cease to
peddle, and get down to sawing
wood, this old world will wear a
medal—there is nothing "just as
good."

HAD COURT HEARING

ON ESTATE CLAIMS.
In the county court yesterday
Judge Samuel had a hearing on
certain claims against the estate
of the late John German. One of
the largest claims was that of
Edward German for approximately
\$6,000 for personal services to
the deceased. W. N. Hairgrove is
attorney for the claimant and the
estate and various heirs are represented
by Wilson & Butler and
Worthington, Reeve & Green.

MRS. EDDY LIVED
LONG ABROAD

Speaker for Y. W. C. A. Has Been
Interested in World Wide Chris-
tian Work for Many Years.

Mrs. Sherwood Eddy of New
York, an authority on the Orient,
where she resided for many years,
will speak at the meeting of the
Jacksonville College club on Sat-
urday afternoon, Jan. 24, at 3 p.
m. in the social rooms of the Illi-
nois Woman's college.

At the open meeting which is
to be a Y. W. C. A. afternoon the
purpose of the organization
which launches its educational
campaign and finance drive next
month will be outlined by Mrs.
Eddy. The 1920 program has a
greatly enlarged scope due to its
service during the war and in-
cludes work among girls not only
in cities but in rural communities
in every state in the nation.

Miss Mary Wadsworth of Jack-
sonville, Morgan county chairman
for the educational campaign of
the Y. W. C. A. will preside at
Saturday's meeting. Mrs. E. E.
Crabtree and Miss Wadsworth are
also members of the advisory com-
mittee for the campaign in Illi-
nois. Miss Grace Dixon, of Chi-
cago, is chairman.

Lived Long in India.

Mrs. Eddy came as a repre-
sentative of the National board of
the Young Women's Christian as-
sociation, to tell of some of the
world needs of women, and to
create interest in the association's
work in the Orient.

Mrs. Eddy was born in India,
educated in England, residing in
India for fifteen years. With her
husband, Sherwood Eddy, who is
well known to all those interested
in Christian work in the Orient,
who has traveled many times
around the world.

Mr. Eddy's work in India as a
national secretary of the Young
Men's Christian association is
well known among students there.
Under the Y. M. C. A. he worked
among the students in Japan,
Korea, China, India, the near East
and Russia. For many years
Mrs. Eddy has worked and stud-
ied with her husband always
keeping in close touch with this
work.

Matrimonial

Dowdall-Doyle.

Albert F. Dowdall of this city
and Miss Meda Doyle of Carroll-
ton, Ill., will be united in mar-
riage at 2:30 o'clock this after-
noon at the home of the latter in
Carrollton. The wedding is to
be a quiet affair with only the
immediate members of the fami-
lies of the contracting parties
present.

Following the ceremony the
young couple will leave for a
trip to points in Colorado and
California, returning to Jack-
sonville about Feb. 15, and will
be at home to friends at 402
Sandusky street.

The bride to be is the daughter
of Thoma Doyle, a prominent
resident of Carrollton and former
circuit clerk of Greene county.
She is a graduate of the public
schools of that city, and in music
and many years was secre-
tary to Congressman Henry T.
Rainey and more recently has
been deputy circuit clerk of
Greene county. She is a lady of
wide experience and much cul-
ture and charm and will be a
welcome addition to Jacksonville
society.

Mr. Dowdall is a son of W. F.
Dowdall, a wealthy farmer and
stock raiser of Greene county,
coming to Jacksonville nearly a
year ago where he purchased a
half interest in the Prest-O-Lite
Battery Company.

Mason Rowe, a relative of Mr.
Dowdall, left this morning for
Carrollton to attend the wedding.

When a Body is Ailing

Whenever there is disease or suffering in some part of the
body, Chiropractic has demonstrated that it is due to the pres-
sure of spinal bones on the nerves that should feed those af-
fected organs. Invariably when this pressure is relieved by
Chiropractic Adjustments, the trouble vanishes and healthy
conditions are restored.

That is why, if you go to a Chiropractor to be relieved of
severe headaches or other troubles, he adjusts that part of the
spine where certain nerves are pressed (or squeezed by the
moveable bones of the spine). He adjusts the bones back to
moveable bones of the spine). He adjusts the bones back to
ing forces are set free to build up and strengthen the weak-
ened or diseased parts.

Experience has shown that there is hardly a case of disease
or ailment that has not been benefited by Chiropractic Ad-
justments of the spine. The Chiropractor knows just what
part of the spine to adjust for the different troubles. It's all
a part of his science and his training.

CHIROPRACTIC
THE BETTER WAY TO HEALTH

is never followed by adverse results. Certainly it has never
done anyone any harm, but it has done thousands an immeas-
urable amount of good. If you are ailing, no doubt the trou-
ble lies in your spine. Try Chiropractic and prove its merits.

Funerals

Purcell.

Brief funeral services for Mrs. Nancy Butler Purcell were held at the residence, 223 Hardin avenue, Saturday morning at 11 o'clock, in charge of Elder John Conley of Waverly.

Music was furnished by Mrs. Roland Stice and the flowers which were many and beautiful and showed the esteem and love in which the deceased was held were cared for by Mrs. Paul Green, Mrs. Arthur Harrison, Miss Bertha Chambers and Mrs. M. E. Luckeman.

The pall bearers were: Virgil Edwards, William Thompson, Fred Faugust, William Faugust, Elmer Baldwin and Arthur Harrison.

At the conclusion of the services here, the body accompanied by the husband and near relatives and close friends were taken on the 12:45 Wabash train to Bentley, Ill., the old home of the deceased, where more extended services were held on Sunday at 11 o'clock at the Primitive Baptist church in charge of Elder Frazee who had known Mrs. Purcell or "Aunt Nan" as she was affectionately known from childhood.

Interment was made in the old family burying ground at Bentley, the bearers being nephews of the deceased and the flowers were cared for by Mrs. Luckeman, Mrs. Green and Miss Chambers, who had accompanied the funeral party from Jacksonville to Bentley.

Willard

STORAGE BATTERY

First Cost

We can't compete for battery business on price.

Willard service does cost more, so does a Willard Battery. But isn't it true that if you hire a real engineer, or architect, or contractor, or carpenter, or mechanic, or doctor, or lawyer, that it saves in the long run?

We're in business to do the job right the first time

—and that costs more than to fix it so it has to be done over again soon after.

When we sell a Willard Battery with Threaded Rubber Insulation we charge more for it, but, it doesn't come back for re-insulation with a big bill to you. It stays on the job till it's delivered all the service you bought—and generally a lot more than you'd believe possible.

Try it once—and you'll feel the same as 99% of all who own Willard Batteries with Threaded Rubber Insulation.

Drop in, glad to see you.

Better Light for Less Money
BY USING
THE COLEMAN QUICK-LITE

A 200 candle power "Quick-Lite," burning the average number of hours each evening that any family requires, will cost but 10c per week to operate. No other lamp can duplicate this record for economy. The "Quick-Lite" makes its own gas from common gasoline. It is safer than an oil lamp and easier to operate. Lights with the heat of a match—no torch or alcohol needed. It creates no dust, smoke or smell and has no chimney to break. It is made of brass and will last a lifetime. The "Quick-Lite" makes a brilliant white light—the kind that is easy to read by. No farm home should be without this lamp—and you city folks could save lots of money through their use. We are selling lots of them—and they are proving every assertion we make.

Why Women Grow Old
More Quickly Than Men

Greater Percentage of Anaemia—Lack of Iron in the Blood—Among Women Makes Them Lose Much of Their Youth, Beauty and Former Attractiveness, And Become Fretful, Nervous and Run-down—

What Women Need Is Not Cosmetics or Stimulating Drugs But Plenty of Pure Red Blood, Rich in Iron

Physician Explains How Organic Iron—Nuxated Iron, Enriches The Blood, Strengthens The Nerves, Builds Up Physical Power and Often Makes Weak, Pale Careworn Women Look and Feel Years Younger.

Look for the woman who appears younger than a man of the same age and you will find the exception to that vast majority upon whom anaemia—lack of iron in the blood has fastened its grip and is gradually sapping the health, vitality and beauty which every woman so longs to retain. In most cases men safeguard their health better than women by eating coarser foods, being more out-of-doors and leading more active lives, thereby keeping their blood richer in iron and their bodies in better physical condition. The very moment a woman allows herself to become weak, nervous and run-down she is placing a drain upon her whole system which overtaxes the power of the blood to renew wasted tissue and keep active the natural life forces of the body. There are thousands of women who are ageing and breaking down at a time when they should be enjoying that perfect bodily health which comes from plenty of iron in the blood, simply because they are not awake to their condition. For want of iron a woman may look and feel haggard and all run-down—while at 50 or 60 with good health and plenty of iron in her blood she may still be young in feeling and so full of life and attractiveness as to defy detection of her real age. But a woman cannot have beautiful rosy cheeks or an abundance of strength and endurance without iron, and physicians below have been asked to explain why they prescribe organic iron—Nuxated Iron—to help supply this deficiency and aid in building a race of stronger, healthier women.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital, New York, and the Westchester Hospital, New York, says: "Many a woman who is run-down, easily tired out, nervous and irritable, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron, might readily build up their red corpuscles, increase physical energy, and get themselves into a condition to ward off millions of disease germs that are almost continually around us. Nuxated Iron is one of the foremost blood-builders—the best to which I have ever had recourse." Among other physicians asked for an opinion was Dr. George H. Baker, formerly Physician and Surgeon, Monmouth Memorial Hospital, New Jersey, who says: "What women need to put roses in their cheeks and the springtime of life into their step is not cosmetics or stimulating drugs but plenty of rich pure blood. Without it no woman can do credit to herself or to her work. Iron is one of the greatest of all strength and blood-builders, and I have found nothing in my experience so effective for helping to build strong, healthy, red-blooded women as Nuxated Iron."

portunity to state their views on the work which should be accomplished by the body. The convention held a brief session today at which fourteen new proposals were introduced, many of them relating to changes in the judicial system. Unless considerable discussion develops at the session tomorrow it is the plan to adjourn until next Tuesday in order to allow President Charles E. Woodward more time for the consideration of the committee appointments. The convention will be unable to make progress until there are committees to consider the proposals now being introduced.

FOUR DEATHS RESULT
FROM NEW YORK FIRE

NEW YORK, Jan. 20.—Three men were burned to death and another was killed when he leaped to the street as fire swept a five-story building in Lower Manhattan late today. Scores of persons narrowly escaped. The building was occupied by a jewelry store and by various offices. Thousands of office workers on their way home viewed spectacular efforts of the firemen to rescue persons imperilled on the upper floors. The clothing of Charles Holmes, a fireman, was aflame as he fought his way up the fire escapes to the top floor in the attempt to save persons who had been seen at the windows. Fellow firemen turned the hose on him to save him from burning. Fire Chief Kenlon later led two companies up the escapes to the fifth floor where the dead bodies of the three burned victims were found together with two survivors.

U. S. WILL NOT TRY
TO REGAIN POLO CUP

New York, Jan. 20.—The United States will not try to regain the international polo cup from England until 1921, it was decided at a meeting of the Polo association today. A letter from Lord Valentia, chairman of the Polo committee of the Hurlingham Club, was responsible for the decision to delay a challenge.

Due to a shortage of ponies caused by the war, he wrote, "it will take us till the summer of 1921 to be able to put a team into the field worthy of such stalwart opponents."

BRONZE TABLET PRESENTED

Chicago, Jan. 20.—A bronze tablet, the tribute of the citizens of Houston, Texas, to the memory of Captain Joseph W. Mattes, of Battery A, 122d artillery, was presented here today to Col. Milton J. Foreman, commander of the regiment, by H. M. Mayo, of Houston, Texas.

Captain Mattes was killed in 1917 in Houston while attempting to suppress disorder among negro troops of a regular army regiment.

PLEADS NOT GUILTY

Rockford, Ill., Jan. 20.—Mrs. Alice Peale Parsons, college graduate and grand-daughter of an ex-mayor of Rockford, pleaded "not guilty" today when arraigned with nine other alleged communists on indictments charging conspiracy against the government. All of the other defendants entered the same plea. Mrs. Parsons furnished bonds of \$15,000. The trial dates have not been set.

PROMISE CHICAGO SCHOOL
TEACHERS INCREASE

Chicago, Jan. 20.—A substantial increase in pay was promised to teachers in the Chicago schools today by Superintendent Peter Mortenson and Dr. Edwin S. Davis, president of the school board. From 5,000 to 15,000 pupils are placed in consolidated classes daily because of a shortage of teachers.

TOO SUBTLE FOR HER.

The landlady of a widely known boarding house made a point of asking her departing guests to write something in her visitors' book. She was very proud of some names of the people inscribed in it and of the nice things that were said. "But there is one thing I can't understand," she confided to a friend, "and that is what an American put in the book after stopping here. People always smile when they read it."

PROSPECTS BRIGHTER
FOR IRLAND HOME RULE

London, Jan. 20. (By The Associated Press)—While the Sinn Fein is celebrating what it calls a victory in the Irish municipal elections official circles in London profess to find in the election returns an element which makes the prospects brighter for a unified Ireland under the proposed home rule bill. This element is said to lie in the fact that the voting showed neither Southern Ireland to be solidly Sinn Fein nor Northern Ireland solidly Unionists.

LOCAL POST HOLDS
SPECIAL MEETING

Members of American Legion Plan Big Dance For Next Month—Recommend Molohon's Appointment to West Point—Interesting Talks Enjoyed.

Members of Jacksonville Post, American Legion, held an enthusiastic and well attended special meeting at the Elks lodge rooms last night for the purpose of discussing plans for the coming year. Commander Rowe called the meeting to order with over one hundred and twenty-five of the members of the order present. Mr. Rowe after stating the purpose for which the meeting was called, announced that he had appointed a by-laws committee composed of Hugh P. Green, chairman; W. T. Harmon, A. R. Myrick, O. P. Fox, and J. T. Groves. This committee will formulate by-laws for the local post and report back at the next meeting early in February.

The commander also announced the appointment of an entertainment committee composed of Howard Woodman, chairman; Fred Goodrick, Virgil Edwards, and Elmer Henderson. It is understood that this committee contemplates staging a big dance early in February. Date and place of this affair will be announced later.

Commander Rowe then called upon Earl E. Thornton of Danville, a visiting member of the Legion for a few remarks. Mr. Thornton, who served overseas as major of the 123rd Infantry, 33rd Division, gave an interesting and forceful address.

Rev. W. H. Marbach, pastor of State Street church, W. T. Harmon, Post Surgeon W. H. Weirich and First Lieut. O'Neil, the latter here with the U. S. Army recruiting truck, also spoke. Music was one of the features of the evening and songs interspersed the speaking.

In response to a query from Congressman Henry T. Rainey, asking the local post to recommend a candidate from this district for appointment to West Point Military Academy, the members voted unanimously to recommend Albin Molohon, a member of the post, who is desirous of that honor. Mr. Molohon served twenty-six months in the army during the world war, and was a member of the local company of national guard for some time prior to the declaration of war by this country.

A committee to investigate prices of and the location for a tablet bearing the names of the sixty-three Morgan county soldiers who paid the supreme sacrifice during the war was appointed as follows: W. T. Harmon, chairman; Dr. W. H. Weirich, and Virgil Edwards.

The Legion buttons were distributed to all present.

THREE MORE CASES FOR FEBRUARY TERM

Præcipe Filed in Action for Damages—Injunction Asked Against Owner of Opera House Building.

The First National bank of Waverly has filed a suit against W. A. Taylor. The action is based upon a judgment note to the value of about \$300. This and other cases recently filed will be heard at the February term.

In the office of Circuit Clerk Boston Charles H. Story has filed an action in assumpsit against C. A. Rousey. The præcipe filed indicates that damages in the sum of \$6,000 are asked. Bellatti, Bellatti & Moriarty are the attorneys for the complainant.

Ask Injunction. An injunction has been asked by L. C. & R. E. Henry in a bill filed in the circuit court and directed against John Anderson, proprietor of the opera house building. It is set forth in the bill that the complainants have a lease on the room they now occupy as a millinery store, running for a period of years; and that Mr. Anderson as the owner of the building has made various efforts to dispossess them. He is charged with various actions which, it is said, have resulted in damage to the stock of goods and the bill makes a series of complaints. Mr. Anderson is asked to pay the damage for the injury which the complainants allege.

KNIGHTS OF PYTHIAS CONFERRED RANK.

Jacksonville lodge, No. 152 Knights of Pythias, conferred the rank of Knight Tuesday evening on John M. Haulman, Louis P. Hauck, Frank P. Boone and Carl Franz of 152 and William Faust for Favorite lodge No. 376. The work had added interest to the membership from the fact that the rank was conferred by members of No. 152 who were in the order when the lodge was located in the Benson building on South Sandy street.

The old time members showed the new ones that they still knew how to interpret the beauties of the ritual and they gave the work in a most impressive manner.

WINCHESTER PEOPLE
GIVEN SURPRISE

Mr. and Mrs. Dan T. Smith Pleasantly Surprised by Friends—High School Seniors Postpone Date of Play—Other Items of Interest.

Winchester, Jan. 20.—Mr. and Mrs. Dan T. Smith were given a very pleasant surprise Monday evening by a number of their friends who went unannounced to the Smith home. Bridge whist was enjoyed and at a late hour liberal refreshments brought by the guests were served. The occasion was one of pleasure for all.

The seniors of the high school have again postponed the date of their play, "Green Stockings." The first date announced was Dec. 19, and this was later changed to Dec. 31. Then postponement was made to Jan. 30, and now because of the epidemic of mumps here it has been decided to indefinitely postpone the presentation of the play.

Julius Oehler and family have moved from their home three and a half miles east of the city to the Robert McCarthy farm five miles northeast of town.

Misses Frances Wallace, Persis Coultas and Mildred Carter, Harry Wallace and Otis Scott are confined to their homes by mumps.

John W. Taylor returned Tuesday afternoon from Virden where he was called by the illness of his brother, Wesley, who is ill with pneumonia. The latter's wife is also ill. Mr. Taylor left the sufferers some what improved. The neighbors and friends of Mr. and Mrs. Julius Oehler and family gave them a surprise Monday evening. The company, numbering about sixty-five went to the Oehler home and spent several hours in a very delightful way. It was in the nature of a farewell party, as Mr. and Mrs. Oehler are changing their place of residence. Games and dancing provided the evening's amusement. The guests brought refreshments and these were served at a late hour.

Miss Kathleen Lucy has resigned her position at the high school on account of ill health and will return to her home in St. Louis at an early date. Miss Lucy has made many friends in Winchester all of whom regret that she is giving up her position here and hope that she will soon regain her normal health. Miss Dorothy Warton of Griggsville has been engaged to fill the vacancy thus caused.

The army recruiting truck visited Winchester Tuesday afternoon.

FARMERS TO MEET AT LYNNVILLE.

A special meeting of the farmers in Lynnville and vicinity is planned for Friday night at 7:30 o'clock and will be held in the basement of the new Christian church. Charles S. Black, president of the Farmers' club, will make a report of the recent meeting of the Illinois Agricultural association in Peoria, giving some of his impressions of the importance of the farmers' movement as now planned. County Agent G. B. Kendall will give some facts about the Morgan county soil survey. It is possible that another speaker will be present to talk about the income tax, especially from a farmers' standpoint.

PARK BOARD IN REGULAR MEETING

All Members Present and Routine Business Transacted — A. C. Metcalf Welcomed as New Member of Board.

Owing to the illness of S. W. Nichols, the regular meeting of the park board was held at his residence Tuesday evening. All members were present and A. C. Metcalf, recently appointed by Mayor Crabtree was given a cordial welcome.

All properly approved bills were ordered paid. It was the sense of the board that the same arrangements with the chautauqua association continue.

Mrs. Wehl and Mr. Brennan were made a committee to consider and investigate the matter of amusement concessions and report at the next meeting.

The board voted to defer receiving bids for boat privileges until some future meeting. It was ordered that bids be asked for the concession privilege, the same to be received by the secretary up to noon, February 3, 1920.

Member Metcalf was made a

LABOR IS THEME OF REV. M. L. PONTIUS

Pastor of Central Christian Church Talks at Labor Temple—Discusses Problems of Labor.

The men and women who teach our children, the minister in visiting the sick and comforting the sorrowing, and preparing his sermon are just as much laboring men and women as those who work in the factory, on the farm and in the forest, Rev. M. L. Pontius told an audience at Labor Temple, Tuesday evening.

It was the second of a series of three lectures to be given in Labor Temple by Mr. Pontius. The first was upon capital. Last night his theme was Labor. There was a large audience present and great interest was evinced in the address. The speaker traced the history of labor from the days when Rome ruled the civilized world down to the present time. He said labor had the right to collective bargaining, the boycott and black-list the same as capital.

Mr. Pontius said in part: "We are apt to say, 'A capitalist is a man who has more wealth than he needs to provide for himself and those dependent upon him, the necessities, conveniences and amusements of life.' We are apt to define the term laboring-man by saying, 'A laboring-man is one who works in the shop, factory, mine, forest or on the farm.' During a portion of my life I worked on a farm, in a factory, in a saw mill and in a forest. But when I call upon the sick, comfort the sorrowing, study to prepare an address or a sermon I am just as much a laboring-man as when I worked on the farm, in the factory, in the forest or saw mill."

Defines Laborer.
The men and women who teach our children in the public schools are laboring-men and laboring-women. They teach and influence our children during the most formative periods of their lives for five days in the week and nine or ten months in the year. The school board demands that they shall maintain certain standards of efficiency. The disgrace of Jacksonville, beautiful, cultured, prosperous, wealthy, Jacksonville is that these teachers are compelled to work for wages less than the average wages of a carpenter, a brick layer or a hotel carrier.

My introduction to organized capital came when I visited factory districts in New England and found men and women and children working long hours in insanitary buildings for wages scarcely equivalent to the actual necessities of life.

My introduction to organized labor came when I resided in an Illinois city and heard a walking delegate with whom I was well acquainted say, "That non-union man will do one of two things, either take out a union card or an accident policy." I said, if I were that man I would not do either thing you suggest but I would summon all the power of my manhood to defend my rights as a free born American citizen. There is no question but that grievous mistakes have been made by both organized labor and organized capital.

Labor Old as Christian Era.
To study the history of labor it is necessary to go back to the beginning of the Christian era. Rome ruled the civilized world. In the Imperial city there were 2,000 Patricians who reveled in luxurious ease; 4,400 Plebeians who were idlers; and 1,500,000 slaves who were kept at night in slave stables and oft times chained in stalls. The slaves did all the work.

Then there came a time when this system was broken and as the effects of this awful slavery passed, feudalism came and the laborer was attached to the soil. Then feudalism was destroyed and a new industrialism came, and with it the wage system. Many think the wage system something existing from time immemorial. This is not true. The wage system dates back only to the beginning years of the nineteenth century.

There were very few economic problems so long as industry remained individualistic. But two things destroyed individualistic industrialism. The use of forces of nature in doing man's drudgery, and the division of labor. Since that time we have had two mighty factors in our industrial and economic life, organized capital and organized labor.

The Rights of Labor.
Labor has as much right to organize as capital. And by organizing labor has brought about more sanitary factory conditions, shorter hours in the working day, and better wages.

Labor has a right to collective bargaining. If the corporation is to be represented by counsel understanding the business, desires and demands of the corporation, why should not labor have the right to designate an organization or an individual to represent the desires and demands of labor?

Labor has a right to reasonable working hours. But anything less than an eight-hour day, or forty-eight hour working week is unreasonable. Seventy-five per cent of the business and professional men of Jacksonville work on the average ten hours per day, sixty hours per week.

Labor has the same right to boycott or blacklist as capital. And labor has a right to strike but not to use violence or to destroy property.

Labor has a right to use the Union Label. If I have my choice between two articles, one made in a sweat shop or under child labor and selling at a low price and the other article made by the union bearing the Union Label but selling at a higher price I will choose the latter. A bargain hunting public is responsible for many of the mistakes of or-

ganized capital and organized labor.

Use of Violence Mistake.
Organized labor makes a mistake whenever violence is used in an attempt to further the cause. John Mitchell in his book on "Organized Labor" says that violence in the hands of organized labor is always a boomerang.

Organized labor makes a mistake whenever it fails to take into consideration the fact that the wage a given industry can pay must be determined by economic laws of production and consumption, supply and demand. The wage problem cannot be solved justly by the show of hands in a labor union meeting or by quoting scripture in a church service.

Organized labor makes a mistake in saying that all men are equal in a given vocation so far as ability and wages are concerned. When the unskilled man receives as much wage as the skilled, incentive to better work is destroyed and progress is checked.

The mistakes of organized capital and organized labor will be corrected but not thru the efforts of radicals in either organization. No permanent good can come in our industrial and economic life by revolutionary methods. Better understanding between these two forces, better cooperation, and the slow processes of evolution will bring the desired results.

RED MEN SET DATE FOR CLASS ADOPTION

Will initiate Class on Tuesday Evening, February 3—Drive Will Be Made to Secure Applications of Discharged Soldiers and Sailors.

At the regular meeting held Tuesday evening the members of Delaware Tribe No. 78, Improved Order of Red Men set Tuesday evening, February 3, as the date for the adoption of a class of pale faces.

Several applications were received at the meeting last night and the members are showing great interest in the work of the order.

Recently James Rogers, the Great Incoherence of the Order, issued a dispensation to all tribes in the United States, giving them the privilege to receive discharged soldiers and sailors at any fee the tribe may see fit to fix.

This dispensation has been accepted by J. J. Kapps, Great Sachem of Illinois. The Improved Order of Red Men is purely an American order and its principles are founded on the principles of the American constitution. Its officers feel therefore that all men who fought for the flag should be members of the order, that it will benefit them and they in turn will benefit the order.

It was voted last night to extend an invitation to Great Sachem Kapps to visit Delaware Tribe some time in February. In the event he can be present, invitations will be extended to neighboring tribes to be guests of Delaware Tribe on that occasion.

Art Hickman's Orchestra

Wizards of Jazz are Art Hickman's orchestra from the St. Francis Hotel, San Francisco, who have recently shown ill' old New York and the rest of the U. S. more about Jazz gyrations than even that home of the Jazz ever imagined.

Through special exclusive arrangements the Columbia Company brought Art Hickman and his sybarites of super-syncope from the Pacific Coast to make a series of records.

Jazz is a chemical compound of Art Hickman. Without being able to read a note of music—indeed all of Hickman's nine musicians play entirely by ear—Hickman has a keener sense of counter melody, tempo and rhythm, than many a conservative graduate.

The exclusive Columbia records of Art Hickman's orchestra announced in this supplement are the most wonderful examples of genuinely instinctive, foot stimulating, blood exhilarating, dance making Jazz records ever offered to the public. The first note plunges you into an hilarious abandon from which there is no rescue till the record stops.

The Columbia contract with Art Hickman is the greatest exclusive dance feature in the musical world today. His first records are here now. Come early, as they will not last long.

Clover Seed

We all know the big benefit the soil derives from clover. We also know the great amount of wasted effort in fighting different conditions, trying to obtain a stand. Why should we waste our seed and time, when it is unnecessary? Who can tell, but we are safe in saying 25 per cent of clover seed sown in our county is wasted. It is our desire to help our farmers to stop this waste, we profit by their benefit, this is our "Reason."

The Alfalfa and Grass Seed Drill successfully overcomes the expensive and uncertain results obtained from broadcasting Clover, Alfalfa and other small grass seeds. In broadcasting these costly seeds there is a great waste, it is uncertain as to results, the seed is sown more or less uneven, is blown in patches by the wind, washed by rains, leaving it too thick or too thin in places, part is covered too deeply, part not deep enough, and much left on top of the ground is picked up by the birds. Therefore, many times more seed is required than necessary if all seed were put in the ground and covered uniform depth.

Call in and See This Drill

This drill sows the exact quantity desired. Not necessary to sow more good seed than actually required for a good stand of grasses. The seed is sown in rows 4 inches apart, conceded to be the proper width for Clover and grasses, because it produces the largest yield. All the seed is put IN the ground, not on top, deposited and covered uniform depth without waste. Even sowing means even growing. It makes a perfect seed bed, saves costly seed, insures against total failure, and increases the yield. Every tiny seed has a chance to germinate and produce a sturdy, vigorous, deep-rooted plant.

There are 18,000 Red Clover Seeds in an ounce or 288,000 to a pound. Fifteen thousand Alfalfa Seeds in an ounce or 240,000 to a pound. We have 43,560 square feet in an acre which means an average of 6½ Red Clover Seeds and 5½ Alfalfa Seeds to a square foot for every pound of seed sown. In the quantities usually broadcasted an average of 66 Red Clover Seeds and often 125 Alfalfa Seeds are deposited upon each square foot of ground, many times the number of plants the ground can support.

How much expensive seed do you waste in broadcasting? Drill the Clover Seed in winter wheat with the Alfalfa and Grass Seed Drill. Do not mud it in. Wait until the ground is right. This Drill will put the seed down in the moist earth where it germinates quickly and grows rapidly. The disks are set at a slight angle to give easy penetration. They cultivate the growing wheat without tearing up or injuring the plants, put new life and vigor into the growing plants, increasing the yield from three to five bushels per acre.

CLOVER LEAF COMPANY IN ANNUAL MEETING

Elected Officers and Directors
Tuesday — Business of Company Shows Wonderful Growth
— Goal for 1925 Set at \$5,000,000 Premium Income.

The annual meeting of the Cloverleaf Life and Casualty Company was held at the home office Tuesday. Four directors were elected and later the directors met and elected officers for the ensuing year. The new directors are: F. H. Rowe, C. E. Bradish, Chattanooga, Tenn.; P. A. Schantz, Lexington, Ill.; and H. E. Wade, Detroit, Mich.

G. H. Lane of Alton was one of the out of town men at the meeting. Mrs. Wade accompanied her husband to Jacksonville.

The officers chosen are: President—F. H. Rowe. Vice President—W. C. Bradish. Vice President—C. A. Goodale. Vice President—G. H. Lane. Secretary—R. Y. Rowe. Medical Director—Dr. H. W. Yates, Detroit, Mich. Medical Director—Dr. L. H. Clampt.

Treasurer—C. Y. Rowe. During the past year the company has shown the greatest growth in its history. Its officers and agents are looking to the future with optimistic spirit and believe that still greater things are

FIRST WEEK, 5 EGGS; SECOND, 72; THIRD, 104

Hens Showed Steady Egg Gain for Mrs. Pierce in Winter Weather.

"The week before we tried Don Sung we got 5 eggs from 50 hens. The next week, from a 50-cent package of Don Sung, we got 72 eggs, and the next week 104. Some of our hens are mere pullets and Don Sung has started them laying," Mrs. B. F. Pierce, R. D. 1, Butler, Tenn., says. Mrs. Pierce selected a severe time for her test—the middle of January. Yet she started getting the eggs promptly. Your hens can lay well in cold weather, and we'll prove it. Here's our offer:

Give your hens Don Sung and water results for one month. If you don't find that it pays for itself, pay you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for package to the manufacturer, Burrill-Dwyer Co., 284 Columbia Bldg., Indianapolis, Ind.

ILLINOIS FOLKS TELL OF EXPERIENCE

Freeport, Ill.—"I can highly recommend Dr. Pierce's medicines. While I have taken some of nearly all of these medicines at different times and they always were just what I needed, I can speak especially well of the 'Favorite Prescription.' I have taken it as a special woman's tonic and it was excellent. For several years I was in very poor health. I had doctored for some time without results and I was in a miserable state when I decided to write to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for advice concerning my ailments. 'I am sure I owe my good health today to Dr. Pierce, and perhaps my life, and I can say enough in praise of his skill and also his grand medicines.' Mrs. E. Scoville, 329 Elk St.

"Galena, Ill.—'Some years ago I was afflicted with catarrh and liver trouble. My blood was impoverished and a abscess formed over my liver. I was in a serious condition when my husband brought me a bottle of Dr. Pierce's Golden Medical Discovery, a vial of Pleasant Pellets and a package of Dr. Sage's Catarrh Remedy. My improvement was noticeable from the very start but took seven bottles of 'Golden Medical Discovery' so as to be cured and restored to perfect health.

"My sister also had a most satisfactory experience with the 'Discovery' which she took for an asthmatic condition. Two bottles of it absolutely cured her asthma and for thirty-five years after wards she continued praising 'Golden Medical Discovery' and recommending it to persons afflicted with asthma or bronchial affections."—Mrs. HARTY MOORE, 518 Dewey Ave.

in store for the company. Here are some facts gleaned from its report.

Some Company History.
The Cloverleaf was organized in 1907, doing business as an assessment company until 1912, at which time they deposited \$100,000.00 with the state for the protection of all policy holders. Since that time the capital has been increased to \$200,000.00.

In 1912 the company had a premium income of \$72,000.00; this is now increased to \$825,000.00 per year, and such a large increase was made during the last half of 1919 that they now have on their books over \$1,000,000.00 premium income. The company now is operating under the supervision and licenses under the insurance department of 16 (sixteen) states, and are expecting to begin business in the early part of this year in Iowa, Nebraska, Texas and Alabama.

The agency has been largely increased, and the life department has set a quota of \$10,000,000.00 for new business in 1920.

The slogan of the company is that, "a farm mortgage on the heart of U. S. A. protects every Cloverleaf policy holder." One of the strong points used by every Cloverleaf salesman in the central west is the "Central west money should be kept in the central west." Why send your money and your premium down Wall street so that New York will continue to be the financial center of the country? Keep Illinois money in Illinois—keep central west money in the central west. The Cloverleaf at the present time has over \$200,000.00 in farm mortgages on Morgan county land, and an additional \$200,000 in adjoining counties in the state.

Office space at the present time is entirely inadequate. Chicago architects are now working on plans for a new building and it is expected that ground will be broken in the early spring that the new building may be begun to take care of the company's present needs.

The new building will cover 60 (sixty) feet on East State street, running back 120 (one hundred and twenty) feet. As soon as this is completed the company will move into the top floor of this building and the additional 40 (forty) feet frontage on State street will then be built up, making the entire building uniform.

Sets Ambitious Goal.
The company has set an ambitious goal for future realization. Here it is:

Life Department — \$6,000,000 by the August convention.
Annual Premium Department — \$500,000 in premiums.
Century Department — \$100,000 premium income.
Monthly Premium Department — \$10,000 per month increase.
Weekly Department — \$5,000 increase for the year.

With a premium income of \$1,000,000 in 1919 as compared with \$72,000 in 1912, the business shows a gain of 1400 per cent in seven years, an average increase of 200 per cent. The million mark was set in 1912. Today the company goes on record, setting the schedule for 1925 at five millions premium income.

Standards Twelfth in Business Done. Today the Cloverleaf stands twelfth among all the companies doing business in the United States. This list includes the Aetna, Travelers and other well known companies that have been doing business for over half century. At the present rate of increase the Cloverleaf in the next three or four years will stand in fourth place in its line of business in the country.

The constantly growing business of the company requires additional office force. The company now has many employees in the home office. It pays to have many thousands of dollars annually to those employees that find its way into the channels of trade in the city.

This year the company will begin the erection of its new office building. This will mean an expenditure of thousands of dollars which will go to local workers. Few people realize the magnitude of the Cloverleaf but it has grown to be one of the city's most important assets.

Here's one of the new ones Varsity Fifty Five in a Double Breasted. We'll show you any number of smart ones.

When you say, 'What's the price'

When you come in here and pick out a suit and say to the salesman "How much?"

He'll say "\$40" perhaps, or maybe "\$50" or "\$60" — depends on the suit you choose.

You may say "Why, I can beat that price \$5 or \$10."

Probably you can; but that isn't the point, you can't get as much clothes value for your money anywhere else; that \$5 or \$10 is in the suit; it's the \$5 or \$10 that makes good quality possible; and that makes the suit outwear the cheaper one two to one.

"Pape's Diapiesin"

Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapiesin neutralize acidity and give relief at once.

When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour undigested food, when you feel lumps of indigestion, pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapiesin and the stomach distress is gone.

The cost is so little. The benefits so great. You, too, will be a Diapiesin enthusiast afterwards.

GOITRE. Basedow Disease (Big Neck)

THE TERM GOITRE is loosely used to express any enlargement of the thyroid gland, when it should apply only to non-inflammatory innocent tumors of the thyroid gland, while true Exophthalmic Goitre is a really separate and distinct disease and will be mostly considered here. Women about twenty times more than men are victims. In all history of diseases—there is not one that is as dangerous and as far reaching in its effects on health and life of women to which so little attention is paid. From the standpoint of the surgeon, we recognize six types of simple goitres—parenchymatous—colloid-adenoma of the thyroid—mixed—cystic—fibrous. And as a special clinical variety, we speak of substernal, or intrathoracic goitre (when the enlargement extends downward into the mediastinum—between the sternum and trachea.)

THE DISEASE MAY develop at any age between two and sixty. We have operated and reported a case in a child of three years of age, sent to us from the State of Virginia. But between fifteen and thirty years of age it is most frequent.

EXOPHTHALMIC GOITRE is a mysterious malady usually manifested by three sets of prominent symptoms, viz: enlargement of thyroid gland (big neck), protrusion of eye balls, and disturbance of the vascular system (over action of the heart). The disease was first described by Graves in 1835 while Basedow of Germany gave his first description in 1840, hence this disease takes the names of both writers. It is probably due to over activity of the thyroid and adrenal glands, which flood the organism with thyroid substance followed by a chain of characteristic symptoms.

WHAT IS THE CAUSE? That is an unsettled question. But we do know that emotion, sudden terror, fright or prolonged distress are causative factors. The very great number of cases seen in Alsace and Lorraine following the Franco-German war will never be forgotten. General neuropathic inheritance, indicated by epilepsy or insanity in relatives, violent exertion, injuries to head, cold, alcoholic excess, acute diseases as, scarlet fever, pneumonia, rheumatism, diarrhoea, diseases affecting the nose, as adenoids, etc., all play their part. Sometimes several in one family may be affected, where there is derangement of the nervous system on part of the mother or father. We note here—in one prominent family of Beardstown, Illinois—we operated on four girls for this disease and still another has it.

USUALLY, THE FIRST and most important symptom is the disturbance to the circulatory system. There is no Graves' disease (Exophthalmic Goitre) without disturbance to the circulation. The patient may complain of palpitation and rapid heart beat for years without any other noticeable evidences, but that constant rapid

heart action (90-200)—minus of any febrile disease or poisoning from any endogenous or exogenous matter—is very probably due to Exophthalmic Goitre. The heart often enlarges, the valves may become affected from the strain upon them as well as the ventricles, the arteries, especially, those of the neck and thyroid dilate and those of the abdomen and body generally may follow.

THE SECOND prominent symptom is protrusion of the eye balls—sometimes this is so great that one or both balls become dislocated from their sockets.

THE THIRD SYMPTOM is enlarged thyroid gland which may accompany or follow Exophthalmos. The enlargement may be little or great. The nervous system often suffers greatly—neurasthenia develops—mental disturbances sooner or later—depression or great excitability are very common and may lead to insanity. The general health suffers, headaches, insomnia, vertigo, cough from pressure, the skin may present many changes—as, oedema, forms of eczema, loss of hair, muscular weakness, anemia, emaciation and a shortening of the natural life by several years. Many women and young women have this disease and don't know it. Frequently, we are consulted by patients with dyspnea (shortness of breath) weakness, palpitation, etc., when goitre is the cause.

LET ME ADVISE YOU for your own good—Any time that your attention is attracted to the function of any organ by its action something is wrong, and in the case of Exophthalmic Goitre you are inviting suffering and flirting with Death. "What should I do?" The way is plain—see a physician—if your case is diagnosed as Goitre your physician will probably take you to a surgeon as soon as possible. More and more we are finding that this is a surgical disease. With the great advancement in surgery and surgical technique in the last ten years, there needs be little fear of the knife in these cases. In the last 32 goitre operations at The New Home Sanitarium not a single death.

YOUNG WOMEN, improve your looks, be comfortable, extend your life, turn your backs on skepticisms, ignorance and death.

White Hall, Jan. 20.—The distress of the transport Powhatan, reported in Monday's news dispatches, has considerable local importance. On the transport was a party of seventy-five men, former soldiers, who were enroute to France to engage in the graves registration service, and were in charge of Herbert S. Foreman of White Hall. The British rescue ship, the Cedric, bound for America, had on board Robert Shaw, last of the White Hall boys to return from service in the world war. All White Hall boys now in the service are either old army men or have enlisted since

The Boy Scouts lecture course will present the next number on January 26 in the Presbyterian church. The attraction is the Metropolitan Entertainment Trio.

Sebastian Gropp attained his eighty-second birthday anniversary today, and the occasion was made enjoyable by the receipt of score cards and letters of greeting from citizens. Mr. Gropp has made little progress toward recovery from the injury by being knocked down by a boy's sled last week. He is one of the few survivors of Company I, 91st Illinois, others being W. C. Baker, G. R. Adams and H. H. Boggess, all of White Hall.

A series of sermons on leading characters of the world are featuring the Sunday evening services of the Presbyterian church by Rev. Arthur F. Ewert. The last subject considered was Cromwell, and next Sunday evening the subject will be Julius Caesar. Abraham Lincoln will be presented on Sunday night, Feb. 8. The idea of memorializing national figures may yet be brought closer to home with consideration of the individual merits of local characters whose greatness has been of first hand value to the immediate community. The histories of the former have already been written and libraries provided for access to them, while in the case of great local characters the histories have not been written, and it does not look the part of gratitude to allow their works and memories to pass from view, much less lose the value of their inspiration and example. Let's give more consideration to these—we know and those who descend from a valuable ancestry.

GRIP, INFLUENZA

Hamilton's Wizard Oil a Reliable Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and sniff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whisks, pleasant little pink pills, 30c at druggists. Guaranteed.—Adv.

GAINS 25 POUNDS TAKING TANLAC

Troubles of 11 Years Standing Overcome and She Now Feels Fine

"Tanlac has not only overcome eleven years of troubles for me but it has also added twenty-three pounds to my weight," was the statement made recently by Mrs. Daisy Marvel, who lives at 122 Oregon St., Peoria, Ill.

"My health failed me about eleven years ago," continued Mrs. Marvel, "and ever since then my condition had been growing worse until I became a nervous and physical wreck. My nerves were the first to give me trouble and they were so upset that I could hardly get any sleep at all and when I got up of mornings I was as tired as when I went to bed the night before. I was so nervous that any little thing I was not expecting would unnerve me, and at times nervous chills would come on me and I would shake so bad that the bed would tremble. I had dreadful nervous headaches that almost ran me wild and the pains extended from my head clear down my spine and when they finally let up a day or so afterwards my head felt worse than ever. I had indigestion so bad that nearly everything I ate disagreed with me and even when I took only bread and milk even that soured and gave me awful cramping pains. Every diet I tried hurt me and gas would form so bad that several times I actually fainted and these spells lasted for hours at a time."

"This was the condition I was in when I began to read about Tanlac and the statements seemed so sincere that I decided to try it. And to my surprise, in only a few days, I was sleeping better, my nerves began to relax and I felt a calmness coming over me that I hadn't had in years. Now, I have a fine appetite, everything agrees with me and I never am troubled with indigestion in any form. My nerves are as steady as a clock and the nervous chills and nervous headaches are a thing of the past. The pains down my back have entirely disappeared and I never have a fainting dizzy spell any more. I have gained, as I said, over twenty-three pounds in weight, and am so much stronger that I can do all my housework without getting a bit tired and I have more life and energy about me than I have had in years."

"Tanlac is one of the greatest blessings of my life and I want to make a public statement and tell the people how grateful I am to this medicine."

Tanlac is sold in Jacksonville by Coover & Shreve in Meredossia by Mr. R. B. Field; in Murrayville by M. E. Gilbert; in Waverly by Wyle Drug Co.; in Woodsack by The Joy Pharmacy; in Chapin by John Onken & Bros., and in Alexander by Frank J. Kaiser.—Adv.

Unusual Value—In Tires for Small Cars

Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for small cars but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3, 30x3½ and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these small sizes were factory-equipped last year with Goodyear Tires than with any other kind.

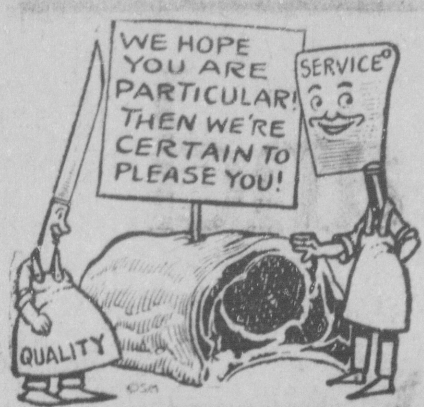

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other small car, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread..... \$20.00

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water—\$3.90 proof bag.

LIGHT RECEIPTS

SENDS CORN UP
CHICAGO, Jan. 20.—Corn ranged higher in price today, with buying mostly the result of cold weather and a falling off in the crop movement. There was an unsettled close at gains of 1 1/2c to 2 1/2c net. Oats finished 1/2c to 1c up. In provisions, the outcome varied from 5c decline to a rise of 25c.

Except during a few brief intervals the corn market showed an upward tendency throughout the day. January delivery in particular was strengthened by knowledge that arrivals here to date only 100 cars, and that low temperatures were likely to interfere with efficient railroad operation. Higher quotations on hogs tended further to lift the corn market.

Oats were affected by the strength in corn. Besides Great Britain was said to be asking for offers the first recent indication of export business with that country.

Despite selling on the part of packers and carriers the provision market averaged higher with hogs and grain.

DID THE CENSUS TAKER GET YOU?

If Not, Speak Right Up and Announce Yourself—Jacksonville Is Counted—Heavy Work in Office.

Have you been enumerated? That is the big question now. The enumerators in this district have practically completed getting the count of people in Jacksonville. But there may be some who have been missed. It is the desire of John A. Groves, supervisor of the census in this district, to get a count of every person in the district.

All who have not, or think they have not, or have the slightest doubt about the matter, are asked to communicate with Mr. Groves at his office in the Ayers Bank building. There is nothing compulsory about this. There is no penalty attached if any person does not. But if Uncle Sam is big he wants to know it. It will work to their advantage to be large. So everybody is asked to cooperate with the census takers in this matter.

No figures are given out at the census office as to the result of the enumeration in this district. The government will not allow it. The office force itself is not supposed to add the figures from the parts of town and get a total for themselves. They are allowed to add up only the figures of one part and compare that with that same part of ten years before and judge if there is much if any discrepancy and possibility of somebody being missed.

The work in the country has necessarily been much slower than in the city. The district office has been a very busy place since

the beginning of the enumeration. There are many matters which are only taken by the enumerator which have to be tabulated by the office force. Special schedules must be made out for all farms, for live stock, for the reporting of mines, manufacturing and quarries, for enumeration of the deaf and blind. Every bit of the work of the enumerators has to be checked up in the office, which means laborious work discovering the foreign-born from the native born citizens and dividing the owners of property from renters. A memorandum is kept of every house in every street of every city and town in the district to see that every person is counted. An enormous amount of work is connected with the precautions which must be taken that no mistake be made.

The schedules, population sheets and instructions for the office force came in large wooden boxes. These have been piled in the office. When all the work is done, the population sheets and the papers and material will be piled back into the boxes and shipped to Washington, D. C.

CONCORD RESIDENT IS GIVEN SURPRISE

Elmer L. Hamm Surprised by Neighbors Recently—Claude Noel Returns from Tennessee—Other Items from Concord.

Concord, Jan. 20.—On Friday evening, Jan. 17, a goodly number of the neighbors and friends of Elmer L. Hamm, living northwest of Concord, wrote their own invitations to a surprise party in honor of the thirty-third birthday of Mr. Hamm. The evening was very pleasantly spent with games and contests. The winners of the events were as follows: "Answering Advertisements," Mrs. George Deterding; "The Solution of a Riddle," J. J. Newton; and Miss Reba Leeper. Mrs. C. O. Bayless carried away the prize in the "jug" contest. George Deterding and Mrs. Edgar Bayless, one called "Chicago." In the "Levi" and also the "Tree" contests the lucky ones were Mrs. Wm. Gaffnett and Edgar Bayless. Refreshments consisting of pie and coffee were served. The self invited guests then retired to their respective homes, wishing Mr. Hamm many more birthdays. Those present besides the host and hostess were: Mr. and Mrs. Artie Hamit, Mr. and Mrs. Jay Newton, Mr. and Mrs. Will Gaffnett and daughter, Marguerite, Joe and Troy Williams, Mr. and Mrs. George Deterding, Mr. and Mrs. Edgar Bayless and son, Edgar, Jr., Miss Reba Leeper and brother, Jacob, Ike Cox and family, Mr. and Mrs. J. B. Morrison, Mr. and Mrs. C. O. Bayless.

Claude Noel returned Sunday night from an extended visit at his old home at Morristown, Tenn. He has not been home for several years as he served in the army in France during the war. The membership of the men's Bible class in the Christian Sunday school expect to give an oyster supper in the not distant future.

Samuel Brockhouse and two children of Mr. and Mrs. C. F. Meyer are reported on the sick list.
